

WATER SCARCITY

A Selected Bibliography

U.S. Army War College Library

June 2011

Report Documentation Page			Form Approved OMB No. 0704-0188		
Public reporting burden for the collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Washington Headquarters Services, Directorate for Information Operations and Reports, 1215 Jefferson Davis Highway, Suite 1204, Arlington VA 22202-4302. Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to a penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.

PREFACE

Water scarcity is an emerging topic in security and conflict studies. This selected bibliography highlights some of the concerns, including border disputes, effect on food supply, and the shared responsibility for the future of water resources. Not a comprehensive listing, this selected bibliography is intended to be a starting point for research.

With certain exceptions, the materials in this bibliography are dated from 2006 to the present. All items are available through the U.S. Army War College Library. For your convenience, we have added USAWC call numbers, Internet addresses, or database links at the end of each entry. Web sites were accessed June 2011.

This bibliography and others compiled by our research librarians are available online through the Library's home page at <http://www.carlisle.army.mil/library/bibliographies.htm>.

For additional information, please contact the Research, Instruction, and Access Services Branch, U.S. Army War College Library, by sending an e-mail message to USAWC.LibraryR@us.army.mil, or by phoning DSN 242-3660 or Commercial (717) 245-3660.
